

BOXER SPIRIT

WHERE PAST MEETS FUTURE

Wunderlich R nineT »Scrambler«

The Scrambler features all the characteristics of its untamed, classic predecessors: relaxed riding position, big 19-inch front wheel, knobby tires and a characteristic high-level exhaust system. Prepared for any adventure, a (strained) long ride on a country road as well as a relaxed detour to the beach or on green lanes.

But even the Scrambler is calling for individual modifications. Our engine crash bar and the downpipe protector as well as our Boxer engine protector securing the collector box effectively perfectly complete the Scrambler look while providing a high protection level for the machine. Another important means of protection are the Micro-Floater LED auxiliary headlamps which turn the night into day. Thanks to the paralever bar, riding dynamics and vehicle height can individually be tuned in a moments time. Together with the noble competition numbers and hand protectors, the exceptional vintage headlamp cover inevitably recalls memories of the legendary SixDays. Wunderlich rear end modification »SWING«.

List of recommended components:

Item-No.	Product	Item-No.	Product
26360-003	Paralever torque arm »VARIO«, titanium	31430-402	Footrest lowering kit rider (EURO 4), black
26781-102	Injection cover Set, black	31741-102	Engine Protection bar, black
26820-202	Engine protection »Dakar« R nineT, black	31961-102	Oil cooler protection grille »EXTREME«, black
