WHERE PAST MEETS FUTURE

Wunderlich R nineT Urban G/S »Edition 40 Years GS«

We have comprised a comprehensive product portfolio for the most off-road capable version of the R nineT, the Urban G/S, and its sister from the »Edition 40 Years GS«. We also didn't limit ourselves solely to the optics.

Also available is the Wunderlich adjustable paralever arm and a fully adjustable Wunderlich suspension, which can be raised to 70mm. In the case of an accident, crash bars, engine guards, manifold, and radiator guards, as well as various protective pads and protectors, can protect the urban G/S from preventable damage. We paid extensive attention to the seat. It is completely rebuilt with a new seat core, is 40 mm higher than the original, and comes in black, black-yellow, or the original orange shade. In conjunction with a handlebar riser and various ergonomic additions, this guarantees a highly relaxed seating position and dramatically enhances the G/S's long-distance capabilities. Our concept of the black and yellow rear fender integrates perfectly into the color and design language of the R nineT Enduro. So far, the product has been well received and reliably protects the G/S from the stirred-up dirt from the rear wheel. The number plate, attractive luggage solutions, hand protectors, and other useful accessories for the Urban G/S »Edition 40 Years GS« express our comprehensive range, making the Urban G/S the ideal R nineT enduro and therefore a worthy successor to the R 80 G/S.

List of recommended components:

Item-No.	Product	Item-No.	Product
20360-002	Paralever protection »LEVER-GUARD«, black	38981-502	»Enduro« licence plate holder for Enduro tail conversion, black
